Also included is a report showing upcoming due dates that we are aware of for the above-identified matters.

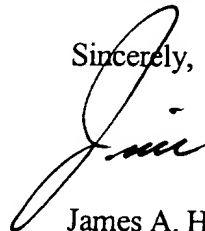

Please note while your office is reviewing the files for completeness and to ensure that all matters have been addressed that require attention, that the following should be considered:

1. Ensure that all art is cited in Information Disclosure Statements as required. Note in particular US Serial No. 10/927,957 requires an information disclosure statement for the art cited in the parent cases. Note also that US Serial No. 09/601,122 discusses prior art in the specification.
2. Note that US Serial No. 09/601,122 has a Section 371 completion date based on submissions of several declarations. Circumstances may warrant correction of that date.
3. Late payment of large entity fees for some cases have not been acknowledged yet.
4. One or more cases may warrant additional claims/divisionals, etc., beyond those as originally filed. Simply by way of example, see the correspondence in US Serial No. 10/927,957.
5. We have discussed matters with respect to US Serial Nos. 09/582,341; 09/611,658; and 10/927,957. Additionally, the priority claims and continuity relationships of those cases should be confirmed.

Please acknowledge receipt, arrange for changing the PTO correspondence and FEE address records for the Magellan cases, and send a copy to me for our records.

If you have any questions or comments, please contact me.

Sincerely,

James A. Henricks
